

Extended Summer (May to October)

Newbury Hall is a small school for international students aged 13 - 17 and we accept all levels of English from complete beginners to advanced. We can help students improve their English, and we can also introduce them to a range of academic topics and we can help them with exam preparation - IELTS, FCE, CAE and IGCSE.

Students from around the world can join our extended summer programme from the first week in May to the last week in October.

The school is always open, so students can start any week they want and choose the number of weeks to study here. We offer a full learning week of 30 hours, plus supervised prep and 1:1 support. Our classes are small with a maximum ratio of 1 teacher to every 8 students, plus there is a full leisure programme at no extra cost.

We focus on open-mindedness; the students come from different parts of the world and this brings exposure to a wide range of cultures, mindsets and experiences. We aim to help students feel confident with other people, and to enjoy the challenge of meeting others and learning from them.

We also accept enrolments for our extended winter programme which runs from November to April and offers the same flexibility of start dates and course length.
